

WOMEN'S BASKETBALL CHAMPIONSHIP

**18-20 June 2009
TOURNAMENT ONE**

Welcome

Welcome to the North Shore City.

North Harbour Basketball is extremely pleased to be hosting the first round of the 2009 Women's Basketball Championship. Nine teams are competing from all around New Zealand offering the highest level of competition for women and providing the opportunity to showcase Basketball.

This tournament, over three weekends in North Harbour, Dunedin and Wellington has been designed to replace the financially difficult National league. With the commitment of all the regions to attend these events women's basketball must get stronger. By providing a tournament of consistently high standards the opportunity will be created for players to achieve their own goals and aspirations and will provide pathways to national and international honours. These pathways will only be successful if the administrators, both nationally and regionally, the volunteers and especially the players commit to providing the best venues, best events, best teams and the best players to each event. We cannot expect people to help us if we don't help ourselves.

I am certain that the competition will be hard fought and each team plays to their potential, however, remember to respect your opponent, the referees and the volunteers that make this tournament possible. Remember to take the time to say thanks, many people have worked hard to put on the tournament.

A very special thanks to Brett Goebel for his vision and dedication in making the Women's Basketball Championship possible.

We hope you all enjoy your time on the Shore, best wishes to you all, good luck.

Stephen Dally
Chief Executive
Harbour Basketball

VENUES
